**THE HON'BLE SRI JUSTICE V.V.S. RAO**

WRIT PETITION No.26003 of 2006

ORDER:

The petitioner alleges that she along with her children are absolute owners of land admeasuring Ac.1.33 gts in survey No.359 situated at Kankamamidi Village, Moinabad Mandal, Ranga Reddy District. She filed instant writ petition alleging that the respondent along with his staff came to the subject land with a JCB proclainer to level the land for laying 10 feet road in place of existing pathway (kalibata). Therefore, she submits that any such action without due process of law under the provisions of the Hyderabad Municipal Corporation Act, 1955 or the Land Acquisition Act, 1894 or other laws is arbitrary and illegal.

This Court heard the learned counsel for the petitioner and the learned standing counsel for Gram Panchayat, who submits that though there is proposal, work has not been started.

I n **P.Lakshmana Rao v. Executive Officer**[1], a Division Bench of this Court issued directions to be followed by Municipal authorities, Panchayat authorities and Revenue authorities for acquiring the land for public purpose. Having regard to the decision of the Division Bench,

I have considered similar issue in a number of writ petitions and culled out various principles of law to be followed by the Government while acquiring/utilizing the private land for road widening. The principles were reiterated by my learned brother, Sri Justice B.Sudershan Reddy i n **M.Madhavi Latha v. Rajendranagar Municipality**[2]. The principles laid down by the Division Bench are as follows.

> (1) Where a property is required for public purpose viz., widening of roads or for any other purpose, the authorities straightaway cannot take law into their hands and jump into the premises, dispossess or evict the occupants or demolish the property.
>
> (2) If the authorities concerned want to take action for eviction/dispossession of the occupants or demolition, they shall issue 60 days' prior notice notifying as to the nature of the property, the property to whom it belongs and the proposed action calling for explanation/objections, if any, from the occupants. On receipt of such objections, if there is any objection as to the ownership of the property, the authorities should determine the extent of encroachment or unauthorised occupation and also determine whether the property in

question belongs to Government/any other local self Government or authority or the occupants and pass appropriate orders within three months from the date of receipt of the objections, after affording an opportunity of being heard to the occupants.

(3) In case where demolition of private property has already been made, the authorities shall determine the damages on the basis of the assessment to be made by the Engineer of the Roads and Buildings Department and disburse the amount of damages quantified forthwith.

(4) If the demolition is in respect of local bodies' Government property, the question of damages does not arise. In such an event, the occupant shall be entitled to remove the material used for the construction.

(5) In case of demolition of private property, the authorities concerned shall determine the loss caused to the occupants on the basis of the assessment to be made by the Engineer of R&B Department and on such assessment of damages, the concerned authorities shall take appropriate steps to disburse the amount quantified forthwith.

(6) If there is any claim for grant/assessment of the property, the concerned authorities shall consider the same in accordance with law taking into consideration the eligibility and the entitlement of occupants, after making enquiry and till such claim is decided, there shall be status quo obtaining as on today regarding the structures.

The writ petition is disposed of as above directing maintenance of *status quo* as on today. No costs.
